

Inyo SAR Board meeting minutes
May 2, 2019

Rich Williams needs to be voted onto the team. Should have that on tonight's general meeting agenda.

Laura Lingeman is moving out of the area. Board discussed filling her position on the Board.

Discussion of whether new should be sworn in and allowed on missions during the upcoming summer. Concerns with delaying new applicants' participation on trainings and rescues will cause us to lose potential members. Board will think about this issue more in the future.

In Laura's absence, someone is needed to lead June's medical training. Elsbeth will ask Dave Pomeranz.

Paul Rasmussen suggests that the team needs to develop search management and incident command skills. Vic is working on it.
